

- **Communications – Erin**

Erin felt her year went well. She has mastered the programs and the communications with the members was excellent.
Will continue to use Google Forms for registrations for tournaments.

- **Tournaments – Riley**

Thanks to everyone who helped with the tournaments.
Need to book the Big Marble for the December 28th tournament.
Sandy was wondering if we could do a name change for the Father's Day Tournament as she feels the name at present insinuates that it is Father/Son teams, therefore perhaps stops people from registering.
Sandy inquired of how we could get more people involved in the tournaments. If anyone has any suggestions, let Riley know.

Noel thanked Lorne for his assistance with the courts
Patching and painting will take place before the winter

CoraLee was wondering of the possibility of some type of retractable screen/umbrella for Courts 3 & 7 to help provide some shade for the players.
Calvin thanked Noel for all the unknown things that he has done that people do not realize happen.
